

There are many privately owned halls throughout the London area. Private halls are not linked to any specific university and will house students from a range of institutions. All the halls listed here are exclusive to full time students, ensuring that you will be able to meet other people who are also here to study.

Most private halls have contracts that run for 43-51 weeks. This means that they are an ideal choice for students wanting to stay in London for an internship or to use as a base for exploring the UK and Europe once term has finished.

This list is not exhaustive, and we have included the Halls which we have dealt with regularly and which we are confident provides a good service.

Please note: the details given are for information purposes only, and inclusion on the list does not constitute a recommendation from the University of Westminster
